HASTENS ACTION ON WOOL MEASURE

House Expects to Pass the Bill by Middle of

COTTON SCHEDULE NEXT

Underwood Committee Proceeds to Carry Out Democratic Program.

Washington, D. C., June 19.—By the middle of this week the House will have passed the bill revising the wool schedule and the measure will go to the Senate in the wake of the farmers' free list bill, already pending before the Finance Committee of that body.

The fact that the Senate shows no inclination to act upon tariff measures is making no impression upon the House leaders. As soon as the wool bill is out of the way the Ways and Means Committee will proceed with a bill to revise the cotton schedule. This is a task of at least as much difficulty as the preparation of the woolen bill.

This is a task of at teart as much officulty as the preparation of the woolen bill.

After the cotton bill has been considered and passed by the House, it Congress is still in session, the ways and Means Committee will take up either the steel schedule or the sugar schedule.

other Schedules Listed. Other Schedules Listed.

"And there are a few other schedules after those which need attention," said Chairman Underwood, grimly, in discussing the legislative outlook. All of which goes to bear out the intimation heretofore given that the House intends to proceed with its program of legislation for tariff revision upon its own initiative and without regard to whether its course is acceptable to the Senate or not.

The fact that some twenty-one Re-publicans in the House propose to vote for the Democratic wool revision

vote for the Democratic wool revision bill suggests to the majority leaders that perhaps when that bill gets to the Senate the aid of Republican votes may be obtained to prize it out of the Finance Committee.

At a conference of the Republicans of the House held last week it was agreed that the Progressive Republicans, with the possible exception of Mr. Murdock, of Kunsas, will support a motion to be made by Minority Leader Mann to recommit the wool bill to the committee, there to await the report of the tariff board on the wool industry.

This motion will be promptly voted down by the solid Democratic majority, and upon the vote on the final passage, and upon the vote on the final passage.

down by the solid Democratic majority, and upon the vote on the final passage of the bill a score of Progressive Republicans will vote for it.

No Tah on Senate Attitude.

No poll has yet been made of the Senate to ascertain the attude of the Progressive Republicans in that body toward the wool bill, as it is understood sentiment has not crystallized among them yet. There are varying opinions among the progressives as to the extent of the reductions in this schedule.

to the extent of the reductions in this schedule.

The Ways and Means Committee, notwithstanding the predictions to the contrary, is finding very little difficulty in proceeding with its work on tariff revision. Starting with the chairman of the committee, Mr. Underwood, there are several men on the committee familiar with the tariff, and the new-comers are developing a predigious capacity for investigation and work. The committee is utilizing expert assistance, and it is undismayed by the most intricate schedules of the tariff law.

Atlantic City, N. J., June 19.—In the of third present the committee of the tariff law.

Sugar promises to be a very difficult problem to deal with, however, on account of the question of revenue in volved. Sugar constitutes one of the work fattening elements of the government's income. The question of protection, it is understood, will be given scant consideration by the committee, the more so since the sugar trust admits that it is not dependent upon the tariff for the prosperity of the refining industry.

Small Comfort to Beet Men.

The beet sugar raisers of the country are likely to receive small comfort from the committee in their deferment land their net, walked from the assembled crowd, and drawing a revoite ment of the mapped of the same land their net, walked from the assembled crowd, and drawing a revoit the resolution the assembled crowd, and drawing a revoit the sate that the assembled crowd, and drawing a restor that the report of the revolver women nearest the report of the revol

Mand North Carolina.

Mand North Carolina.

Mand North Carolina.

Mand North Carolina is said they have always been "putting up a poor muth" to Congress and "hollering before they are hurt." They set up a dreadful howl over Cuban reciprocity and were surely going to be annulated when Philippine and Hawaiian sugar was to come in free.

But none of these calamitles came to pass, it is declared, and the beet sugar trust joined hands with the refining irust and has gone inerrily along the road of prosperity. So the committee, when it comes to deal win the sugar schedule, will propably consider alone the question of revenue involved.

Chairman Penrose, of the Señate Finance Committee, is preparing to give a long series of hearings on the faramers' free list bill, although no one sexpects action on that measure at this session. These hearings will run along while the Senate is debating Canadian reciprocity.

SALVATION ARMY

"Good-Bye, Mr. Milkman;

I've a Cow in the Pantry Now"

That's what it means to use Van Camp's. The finest milk in the world-thick as cream, utterly sterile-on hand all the time.

We have worked for seven years, with famous Swiss and Dutch experts, to help you get rid of the milk wagon.

To save you the cost of that daily delivery—the waiting, the shortage, the waste.

To give you a milk that is utterly sterile, in place of that germ-laden milk. To give you a whole milk in place of a half milk.

To bring you the milk of high-bred cows, fed in dairying sections. To bring you, if you wish, a month's supply at a time. And to bring the cost below milkman's milk.

We are doing that now for a million homes, and we want you to know about it.

Equal to Swiss

No milk in Switzerland, none in Holland, is any better than Van Camp's. Our milk comes from Holstein cows, fed and bred in famous dairying districts.

The milk fresh from the cows is evaporated and sterilized in ideal aseptic plants.

Famous Swiss and Dutch experts have perfected our process. And this perfecting has cost us, in the past seven years, about

The result is the finest milk produced in America, and the equal of any in all the

Like Using Cream

Van Camp's Milk used in cooking is almost like cream. It is 28 per cent solids-8

Milk dishes made with it have double the richness of similar dishes made with com-

For this is whole milk, and milkman's milk isn't. Milk-wagon milk separates-before and after you get it. When it comes to the cooking it is rarely more than a half milk.

Please find out the difference. One milk dish will tell you. It will convert you for-ever to the use of Van Camp's.

Always Ready

Most users buy a month's supply at a time. They open a can when they want it and it keeps until they use it up. There's no shortage, no

The milk comes to you as thick as thick cream. You add one part water for coffee. Right at the dairy, under low heat, we evaporate two-thirds of the water. You can put back as little or as much as you wish.

Nothing whatever is added-nothing but water subtracted. This milk is not sweetened, as is condensed milk. Thus you can use it for every milk purpose-for cooking, for drinking, for cereals or coffee.

Utterly Germless

Our cows are inspected. Our dairies are sanitary. Our evaporating plants are kept as clean as Dutch kitchens.

Then, as a final process, the milk is sterilized. Not one germ of any kind exists in Van Camp's Milk.

Milkman's milk, as you know, carries many infections. Every drop is laden with myriads of germs. A large part of the milk is entirely unsafe.

When your children drink Van Camp's you may be sure they are drinking an utterly sterile milk.

Six Cents Per Quart

Reduced to the richness of ordinary milk, the cost of Van Camp's figures about six cents per quart. This in spite of all the care that we give it.

The saving comes in the cost of daily delivery. That costs the milkman more than the milk. We give you the finest milk in America, put up in the most convenient way, for less than the cost of raw milk delivered from day to day.

Please try it. A single can will make you a convert forever,

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. Produced in six states, in the best dairying sections. Order from your grocer. your grocer.

Van Camp's Milk Evaporated—Sterilized—Unsweetened

Many Nations Have Sent Delegates to Attend Convention

of Alliance.

of Alliance.

Philadelphia, June 19.—Nearly every nation in which a Baptist can be found will be represented in the Baptist World Alliance, which opened its convention here this afternoon. The meeting was one of the greatest ever held by the Baptists. The alliance was organized in London five years ago, and was created for the purpose of promoting the spirit of fellowship, service and co-operation among the churches of the denomination all over the world.

Many of the delegates who attended the Northern Baptist Convention here last week have remained in the city to participate in the world congress.

Prior to the meeting of the alliance the General Convention of the Baptists of North America, representing the entire United States and Canada, held a single session. The alliance was called to order by the Rev. John Clifford, of London, in the Baptist Temple, Mayor Reyburn delivered the address of welcome, and Dr. Clifford, president of the alliance, and the Rev. William Fetler, of St. Petersburg, leader of the Baptists in Russia, delivered the responses. The Rev. Russell H. Conwell, pastor of the Baptist Temple, also spoke.

The alliance will remain in session all week.

Lubim—Vanderlile.

Really a Good Play.

The Schiller Players at the Academy last night struck the gait that is bound to bring success in the aplendid way in which Clyde Pitch's side-splitting comedy. "Gir's." was presented. The producers all prefer to call the pilay a straight comedy. However, if it ceally in, the line between comedy and farce is so thin that one is hardly able to discern the pilay as straight comedy. However, if it ceally in, the line between comedy and farce is so thin that one is hardly able to discern the producers all prefer to call the pilay a straight comedy. However, if it ceally in, the line between comedy and farce is so thin that one is hardly able to discern the producers all the pilay as straight comedy. However, if it ceally in, the line between the great enjoyment and pleasure offered. It is a furperition of such strength that the audience liann't any intermissions between laughs, unless the walls between the arts can be so called, and even then reflection of what has gone before will inevitably produce the land and some force will inevitably produce the land and some force will inevitably produce the land and success the walls between the arts can be so called, and even then reflection of what has gone before will inevitably produce the land and success the walls between the arts can be so called, and even then reflection of what has gone before will inevitably produce the land and substitute one of felonious assault. Although bail for the girls was not forthcoming this sort femiline household of three, gets the notion into her head that all men are allke, and that it is not advisable to have anything to do with the horried things. Violet Landsdowne (Darried things, the other two members of the too, are easy subjects for the more argumentative Pamela, and the three, then and three vow have anything to do with the horried things. Violet Landsdowne (Darried things, the other two members of the too are easy subjects for the more argumentative particular th

three girls fall willing victims to Cupid, the final currien finding all three engaged to be murried.

The performance last night was smooth and without a hitch. The production measured upon the every demand, and, in very truth, it was by far the best offering so far Carey Hastings as Lucille Purcelle, elocutionist, gave a splendid character impersonation. Frederick Montague came into his own, and came into it bis. As George M. Sprague, senior meinber of the law firm, aged, yet with a tendency to be a gay old dog, he was great, and deserved the applause which went his way.

Harry Stafford was the woman-haiting clerk in the law offices. He didn't like the idea of women belig in his office over which he had relaned for ten years, and he had no healtancy in saying so. He didn't have, to set. He was the part, Frank Darrien as the elderly Dennett, seeking a divorce, repetited his previous successes, He is a great character actor. Earle Criddock what a funny janitor; one of these lords of creation, whose position of life is second to none—in his estimation.

In fact, every member of the company excelled from Rose Tapley, the leading woman, to Richard Thornton, the leading man, it was an exceptionally good vehicle, and

the performers got every bit of comedy possible out of the lines.

Here all week, and should play to packed houses.

most people except Madero as Improbable.

A committee representing citizens of Morelos now temporarily residents of the capital, protested this morning to Madero against his appointment of Zapata as commander of the revolutionary force in that state. According to this committee, Zapata was a bandit before the opening of hostillities; acted like a bandit during the war, and since the occupation of Curnavaca conditions have become so bad they can be described as anarchic. The committee demanded that Zanata be removed at once and some one be named who would make life and property safe.

If Zapata does not come to the capital, it is almost a certainty that quick measures will be taken to crush his rebellon.
